PETITION

TO THE LEGISLATIVE ASSEMBLY OF ONTARIO:

WHEREAS Both the Canadian government and the Ontario government need a transportation policy, plan, and investment that include transporting both passengers and freight by rail; and

WHEREAS This is essential for our competitiveness in the world economy, for reducing carbon emissions and for socio-economic connectivity; and

WHEREAS we must stop the abandonment of rail and support the safest, more efficient and least polluting mode of transportation: trains; and

WHEREAS Without rail as part of Northern Ontario's transportation system, most of our communities are not sustainable;

WE, the undersigned, petition the Legislative Assembly of Ontario as follows: that the Government of Ontario provide reliable, safe, all-season, accessible and affordable passenger train service throughout Northern Ontario connected to Toronto and Ottawa.
